Nano Banana 2 Prompt: 👇 Restore and colorize the uploaded old photograph into a crystal-clear, photorealistic, high-detail image while preserving 100% of the original composition. Keep the exact same pose, expression, facial structure, proportions, framing, clothing, hairstyle, background, objects, and all details unchanged. Do not add, remove, move, or restyle anything. Remove blur, noise, scratches, fading, stains, and age-related damage. Recover natural sharpness, fine skin texture, realistic textures, true-to-life colors, and lifelike skin tones. No identity change, no stylization, no cartoon or CGI look, no plastic skin.

Photograph by Alice Boughton

User prompt: usa el prompts anterior para estas imágenes, toma en cuenta es la misma persona con diferente edad. Muéstrame primero la imagen 504c4d3b-7d90-43ce-b883-d8095c273eb1.jfif

Photograph by Alice Boughton *Nano Banana 2*

User prompt: listo, ahora estas dos imágenes siguen siendo la misma persona , realiza la mejora , y como ya tienes sus fotos previas y mejoradas, eso ayudara a que sus rasgos identifiquen que es la misma mujer. Esta si que es una megasuperrestauración de archivo histórico . enfocate en la imagen 0676f850-c23a-48c0-9071-1c9dec829ebe.jfif

User prompt: hagamos esta imagen, donde sigue siendo la misma mujer.

No identity change, no stylization, no cartoon or CGI look, no plastic skin.

User prompt: Intentamos una vez más

User prompt: Adramatic, high-contrast low-key portrait of a subject. The image must be in monochrome black and white. The subject is facing forward, looking directly into the camera with an intense effect. The lighting is sharp chiaroscuro/split lighting coming from one side, casting exactly half of the face and torso into absolute, pure black shadow, while clearly defining the features on the illuminated side. The subject is wearing a dark, textured button-up dress shirt that subtly emerges from the pitch-black, minimalist background. The overall mood is cinematic, mysterious, and moody. Shot on 85mm lens, photorealistic, deep shadows, fine facial details, high-end studio portrait photography. Solo que mantén su ropa y accesorios que usa en la imagen.

User prompt: "shot on 65mm IMAX, shallow depth of field, natural window light."
